

1. I can come in many shapes and sizes,  
There may be a selection.  
I'm hard and flat and often shiny,  
to find me, look for a reflection.
2. Filled with feathers, foam or fluff,  
in plain sight I will hide.  
I have a cover, soft not rough;  
Look underneath or perhaps inside.
3. In general I just hang about,  
frequently observed.  
I'm made with paint, or ink, or chalk.  
I can be serious, or absurd!
4. I'm often found with lots of friends.  
I like to wear a ring.  
I'm useful: I can unlock clues,  
and I let people in.
5. One is sharp and one has prongs,  
one is curved and round.  
You'll probably find us in a drawer,  
or wait 'til dinner and we'll be found.
6. I have buttons but no holes,  
I've many useful functions.  
Louder, quieter, changing over  
channels without junctions.
7. I'm a liquid in a bottle,  
standing still but where?  
I'm not for drinking, nor for cooking,  
you put me in your hair.
8. We are small and fairly soft.  
We sometimes curl in a ball.  
Although we're cold we'll keep you warm  
especially if you've got a cold floor!
9. I'm designed to take great heat,  
I'm reliable solid and strong.  
I sometimes smell spicy and sometimes sweet.  
In the kitchen is where I belong.
